- 16.3 An officer shall not certify a claim form made payable to him/herself.
- 16.4 Claim forms submitted more than six months after the expenditure has been incurred shall be paid only on the approval of the Chief Executive/Finance Manager.
- 16.5 Payments to Members, (including co-opted Members of the Board or its Committees), who are entitled to claim travelling or other allowances will be made by the Chief Executive/Finance Manager upon receipt of the completed prescribed form.

17. **INSURANCES**

- 17.1 The Chief Executive/Finance Manager shall, in consultation with the responsible officer, initiate all insurance cover and negotiate all claims in consultation with other officers where necessary.
- 17.2 Responsible officers shall promptly notify the Chief Executive/Finance Manager of all new risks, properties or vehicles needing to be insured, and of any disposals or alterations affecting existing insurances.
- 17.3 Responsible officers shall notify the Chief Executive/Finance Manager of any loss, liability or damage or any event likely to lead to a claim on any Board policy, and shall where appropriate notify the police of the relevant circumstances.
- 17.4 All employees of the Board shall be included in a suitable fidelity guarantee insurance.
- 17.5 The Chief Executive/Finance Manager shall annually, or at such other period as he considers necessary, review all insurances held by the Board in consultation with other responsible officers as appropriate.
- 17.6 Responsible officers shall consult the Chief Executive/Finance Manager in respect of the terms of any indemnity which the Board is requested to give.
- 17.7 Subject to the agreement of the Chief Executive/Finance Manager, the responsible officer shall inspect insurance policies of contractors for building, construction or engineering works to ensure as far as possible that all necessary cover has been taken out.

18. **SECURITY**

- 18.1 Each responsible officer is responsible for maintaining proper security at all times for all buildings, stores, paint, vehicles, equipment, cash, documents and information under his/her control. Each responsible officer shall consult the Chief Executive/Finance Manager in any case where security is thought to be defective or where it is considered that special security arrangements may be needed.

- 18.2 All officers of the Board have a duty to comply with the requirements of the Data Protection Act 1984 and any amending legislation. Responsible officers shall ensure that staff are aware of their responsibilities under this legislation through the provision of suitable training and the circulation of relevant information on the subject.
- 18.3 Maximum limits for cash holdings of £1,000 should not be exceeded without the knowledge of the Chief Executive.
- 18.4 Keys to safes and similar receptacles are to be secured by those responsible at all times. A list of such key holders shall be supplied to the Chief Executive/Finance Manager. Where keys are transferred between staff, the new recipient assumes responsibility. The loss of any keys must be reported immediately to the Chief Executive/Finance Manager.
(List O/S)

19. PROTECTION OF PRIVATE PROPERTY

- 19.1 Each responsible officer shall notify the Chief Executive/Finance Manager of any case where steps are necessary to prevent or mitigate loss or damage of moveable property.
- 19.2 The Board shall not be liable for accidental loss or damage to the personal possessions which employees' use whilst on Board business that are not included under the Board's Insurance Policies.
- 19.3 All recovered valuables such as jewellery, watches and other small items of a similar nature and documents of title shall be recorded and kept under safe custody as directed by the Chief Executive/Finance Manager who will report the matter to the Police. Items not claimed shall be determined to be the Board's property, and be disposed of in a manner approved by Chief Executive/Finance Manager.
- 19.4 In the event of theft of personal items from staff, a full report shall be made by the affected employee as soon as the theft has been discovered. All such incidents shall be recorded and investigated. Where possible, the Chief Executive/Finance Manager or responsible officer shall make appropriate recommendations to improve security.

20. INTERNAL CONTROLS ASSURANCE

20.1 Policy

The Board's policy is to rely on an external review of Internal Controls to give the Board assurance that the Internal Controls set out in the Financial Regulations are being followed by the Board's officers. In 2010, the Board appointed an internal auditor (David Gowing), who has considerable experience working in internal audit at a large local authority. He also provides Internal Audit Services to most other Boards in Lincolnshire.

In addition, a Governance and Risk Committee (GRC) was set up in 2010 to deal with such matters, including the work of the Internal Auditor. In 2012, the Internal Auditor carried out a review of the Board in response to the Caldicott & Wentlooge PIR and concluded that the Board was compliant with the governance issues raised in this report.

In order to ensure that any areas of concern are addressed, the Board reviews a copy of the Internal Auditor's report for each year together with the Management Action Plan delivering any changes required.

The Board have received an Internal Audit Report which gave an “adequate assurance” conclusion in each year since 2010/11 and they are confident that the GRC and the Internal audit work will ensure that this continues.

Details of the Internal Control Strategy employed by the Internal Auditor and relied upon by the Board is shown below:

20.2 INTERNAL AUDIT STRATEGY

This Audit Strategy is designed to be a high level statement of how the Internal Audit Service will be delivered and developed.

Internal audit is an independent, objective assurance and pro-active consulting service designed to add value and improve the Board’s operations. It provides an independent and objective opinion to the Board on the control environment that comprises risk management, control and governance.

The Accounts and Audit Regulations 2011 state that the Board is responsible for ensuring the financial management of the organisation is adequate and effective and that the Board has sound systems of internal control which facilitate the effective exercise of their functions (including risk management). The Board should conduct a review, at least once a year, of the effectiveness of its systems of internal control. The Regulations also require that following the review, the Board must approve an annual governance statement, prepared in accordance with proper practices in relation to internal control. The Internal Audit Service is a key independent and objective source of assurance for the Board.

The authority of Internal Audit is included within Financial Regulations.

20.3 RESOURCES

The Internal Audit Service is to be provided by an external contractor, appointed by the Board, who is an experienced and qualified internal auditor.

20.4 AREAS OF WORK

All internal audit work will be undertaken with due regard to the Governance and Accountability in Internal Drainage Boards – a Practitioners’ Guide and the CIPFA Code of Internal Audit Practice in Local Government.

The annual audit plan will be devised through discussions and agreement with the Chief Executive, Board Members and the External Auditor.

The following paragraphs describe the main areas of audit work. The work concentrates on assurance and risk-based audits, traditional probity checks, assistance with risk management and provision of advice.

Assurance Audits

Financial systems are to be reviewed to provide assurance to the Board and for the annual return. Where appropriate probity audits will be undertaken and the propriety, accuracy and recording of transactions sample tested. A risk based approach will be adopted so detailed checking of all systems and transactions will not be undertaken.

Risk Management

The risk register will be used to determine the main areas of audit. If the risk register is not fully developed assistance will be given if required to complete an operational document. This approach offers flexibility to address the Board's risks as they arise

and establishes greater synergy between internal audit and the management of risks facing the Board.

Consultancy and Advice

Internal Audit will be available to assist the Board with control or operational issues. During the year there might be emerging risks or issues that need an independent view or review. In addition, internal audit will be pro-active with suggestions and advice to management from information gained through experience, other IDBs and organisations and networking groups.

Anti-fraud and Corruption

Internal Audit will be pro-active in counter fraud work. Although it is not a function of Internal Audit to detect fraud (this is a responsibility of management and good system control) work will be undertaken to help ensure there are adequate systems and procedures to highlight potential instances.

Value for Money (VFM)

As a part of the audit review, systems and controls established by management to secure VFM will be examined and evaluated. Internal audit can undertake detailed VFM reviews upon request.

Audit Reports

At the completion of each audit a report will be produced and agreed with the Chief Executive. This details the terms of reference and scope of the audit, findings, recommendations and a management action plan. An executive summary which includes an audit opinion on controls will be included.

An annual internal audit report shall be produced to the Board to provide an overall opinion on controls and detail the audit work for the year.

21. **REVIEW**

- 21.1 These Financial Regulations shall be reviewed at least every year by the Board.
